

COMPANY PROFILE

ABOUT

We provide professional design and build services driven by passion, creativity, and global experience, delivering attractions, commercial premises, and themed environments across all budget levels. Our goal is to create spaces that reflect and enhance each client's unique vision, ideas, and style.

We are committed to transforming concepts into inspiring realities by combining creative design thinking with practical execution, delivering impactful environments that leave a lasting impression.

Our expertise spans beyond design and construction, encompassing the full project lifecycle from concept development and detailed planning through to construction and completion. We work closely with clients to translate ideas into practical, well-defined design concepts and detailed implementation drawings.

The company was founded by Cool Koe and Kevin Goh, both of whom bring over 23 years of experience in the themed attraction and experiential construction industry, supported by extensive regional and international project exposure.

Inventive. Imaginative. Innovative

OUR TEAM

Theme Reno team provides professional services through our passion, creativity, and global experience, delivering signature homes and premises across all budget levels that complement our clients' ideas and styles.

Theme Reno team invites you to explore our world and join us in bringing your imaginative living aspirations and ideas into reality.

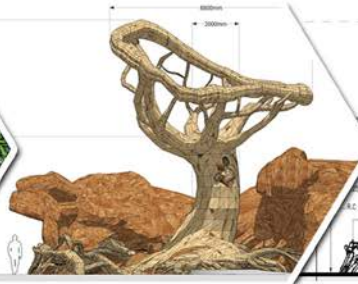

In addition, we are not only involved in design and construction, but also supported by a dedicated management team that operates and manages attractions, ensuring smooth, efficient, and high-quality day-to-day operations.

UNIVERSAL STUDIO

EGYPT ZONE

Singapore

This project required us to mimic the Egyptian ruins with a 10m high Anubis guarding the entrance and bass relief hieroglyphs painted by our highly skill painters. For an international theme park visited by all around the world, the colours and textures must be to details to create the feel as you are in Egypt.

CONCEPTUAL & DETAIL DRAWINGS

Spanish theme residential house with a facade rendering resembles mud-like plastering is a unique one-of-a-kind signature house that makes you feel like you're in olden Spain city.

KIARA 9 CONDOMINIUM

Kuala Lumpur - Malaysia

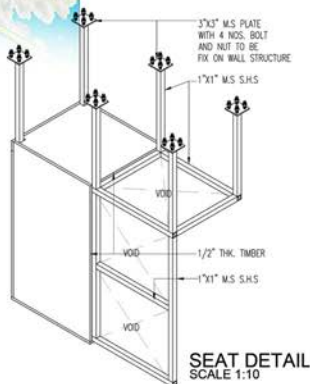

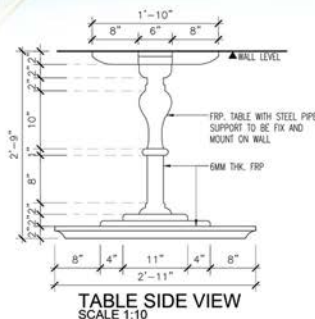

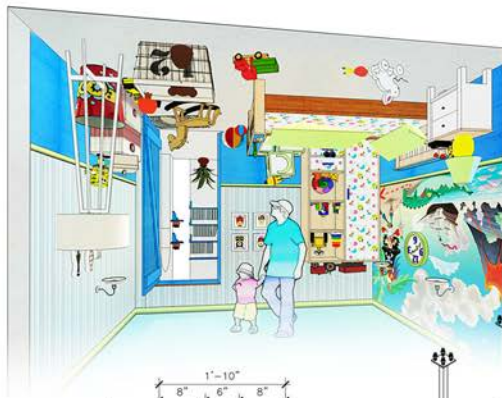

50m long artificial stream that flows through the backyard of a linked house which ends with an artificial waterfall, creating a garden in the middle of a residential. All the rockworks were fully carved out from cement.

Penang - Malaysia

Upside Down is a popular attraction concept, as you step in everything is turn 180°. We are the 1st to design & build in Malaysia, the effort to focus on the detailing of the decoration, props & lighting so that every picture taken shall look exactly real.

GHOST MUSEUM

MUSEUM MELAKA

Melaka - Malaysia

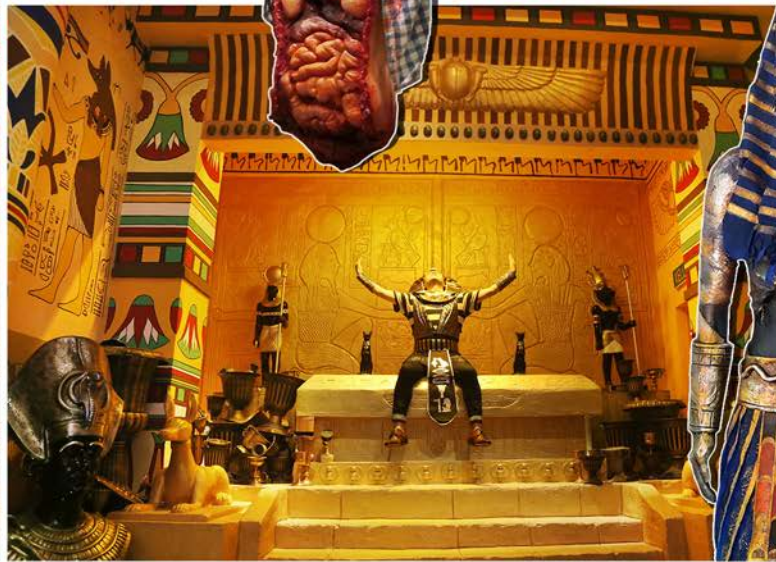

CONCEPTUAL & DETAIL DRAWINGS

The Ghost Museum is located at Penang Island and Malacca with both having the same concept but different ideas, settings and story lines. It has become a very popular place to visit among tourists and local film makers due to its realistic settings. A place to learn about ghost history in a fun and interactive way.

INN BAR

ARKADIA

Kuala Lumpur - Malaysia

Heavily themed night club with steampunk design arm with gears, fans, pipes and rivets change the concept and stands out from the rest of the nightclub.

THEME OFFICE

Kuala Lumpur - Malaysia

Roots grown from ceiling, tipping bucket on well, monkey spitting water are among the images that capture people's first impression when they step into this office that inspires a 'think outside the box' concept.
